

# Expectations of Student Behaviour during COVID-19 recovery period

## You must:

- **wash your hands**
  - when arriving at school before entering the building
  - at the start and end of breaks wherever possible and certainly before eating
- dry your hands using disposable paper towels
- use sanitiser when handwashing isn't possible, for example when entering a different classroom for Period 2 or 5
- **'catch it, bin it, kill it'** when sneezing and/or coughing:
  - use tissues to capture the cough/sneeze OR if you do not have a tissue, your sleeve
  - place tissue in bin & sanitise your hands
  - avoid touching your mouth, nose and eyes with your hands
- **tell an adult** if you are experiencing symptoms of coronavirus and follow instructions regarding reporting to the allocated 'COVID / isolation room'

## You should:

- Wear a mask / face covering whilst in communal areas inside the school and in classrooms
- minimise contact between other people and maintain **social distancing** where possible
- stick to the **one-way system** that has been put in place and move around the school as instructed by adults and/or markings in corridors and on landings
- keep a distance of **2 metres** from members of staff where possible
- sit in a designated desk space and not move school furniture that is set to keep people distanced
- queue only in the designated places and only use the **Chill/dining room** and **library/LRC** facilities at designated times
- only mix with peers who are part of your 'bubble' when arriving at or departing from school: in the case of the RCT this is your 'form group' at Key Stage 3 and year group at Key Stage 4
- avoid sharing any **equipment** or other items including drinking bottles, personal equipment from your pencil-case, or a personal product such as a lip balm
- follow procedures in the event of a **fire evacuation** - go to the Fire Assembly point ensuring year group bubbles are segregated. In the event of a fire alarm, you do NOT need to follow the one-way system.
- **tell an adult** if you are experiencing symptoms of coronavirus and follow their instructions
- remain in the designated area for your group during break times. There will be teacher supervision in these areas – if you need to go elsewhere, you **MUST** get permission from an adult first
- use the **designated toilets** during break times and maintain **social distancing** rules where possible
- **NOT** play sport or ball games on the school site

## In addition, Sixth Form students should:

- use only the designated areas for **study** in between lessons
- maintain **social distancing** as far as possible when moving between sites and using local services/facilities in the town

**Students should be aware that behaviour that is in wilful breach of these expectations or that is deemed to put other members of the school community at an unacceptable level of risk will be sanctioned, and that repeated or serious breaches may incur the highest-level sanctions available to the schools.**
